## Why NLCS Jeju?

- We have a unique heritage - the founding NLCS opened in London, UK in 1850
- Outstanding academic results lead to prestigious universities around the world
- Highly qualified and inspirational teachers foster a love of learning in every child whatever their gifts and passions
- A unique co-curricular programme takes learning beyond the classroom
- Full boarding experience is offered with all the associated academic and social benefits
- Diamond model of education offers the benefits of a single sex education while encouraging boy and girls to grow together outside of the classroom
- We welcome students from around the world from Reception to Year 13

## Our location

Jeju is South Korea's largest Island, boasting beautiful beaches and breathtaking countryside. Voted one of the new Seven Wonders of the Natural World, the island is watched over by Mount Halla. NLCS Jeju is situated within the Global Education City, just a 45 minute drive from the airport and 20 minutes away from the coast. Jeju airport offers direct flights to China, Hong Kong, Japan, Malaysia, Taiwan and Macao. Incheon, Seoul's International Airport, is just an hours flight from Jeju and is the busiest air route in the world, ensuring easy connections worldwide. Students from all around Asia including Korea, China, Singapore and Japan benefit from an Exceptional British Education in these surroundings.

## English Language

We are a British school and English is our formal and informal language. All students are required to speak English during the school day, whilst taking part in co-curricular activities and in the boarding houses. With the exception of first language, all lessons are taught in English. Our students are able to immerse themselves in the English language and any initial language issues rapidly evaporate.

The school environment is inclusive to all nationalities and we currently have students from 15 different countries. Our teachers are primarily from the UK and also from the United States, Australia, South Africa and further afield.

## Curriculum

We follow two of the most globally robust academic examination programmes available worldwide. All studies throughout the school are designed to prepare all our children for success in both.

### IGCSE

#### International Baccalaureate Diploma

Full curriculum guides for all year groups are available on our website and as printed handbooks to all enrolled

#### IGCSE (2019)

- A\* 27%
- A\* or A 58%
- A\*, A or B 83%

#### IBDP (2019)

- Average IB Score: 37 (worldwide average 30)
- 34% of students scored 40+ points (38-40 points required for Oxbridge)
- 2 NLCS Jeju students scored a perfect 45 (only 213 students worldwide achieved this score).

## University destinations

The majority of our pupils will receive offers from prestigious universities from around the world. At present our students favour destinations in the UK and US. Last year figures were -

US - 50%

UK - 29%

Other - 21%

We have a highly experienced University Guidance Counselling Team who advise and support all our students and their choices from interest to application to interview to acceptance. Our current Year 13 students have broken a Korean national record with 10 acceptances to Oxford and Cambridge for 2020.

## Boarding

Boarding is at the heart of our school and we encourage our boarders to feel that they are in a home from home when they enter our care. We welcome boarders from Junior School through to Year 13. All our students receive academic and pastoral support within an established house system. The houses are each run by Housemasters and -mistresses who are ably supported by a team including Assistants, Matrons, Tutors and Gap and Grad Students.

We believe that boarding is the key to academic success and personal development. Our students gain independence and make friendships for life. As our boarders go out into the world as successful young adults, we are confident they are prepared for all that life will offer them.

## Beyond the classroom

There are over 150 extra curricular activities available to students after school and at weekends. There is a wide variety to enjoy and experience, including sport, music, drama, art and service. Most Saturday mornings students take part in Bryant - a programme of events with the emphasis on choice and challenge. The programme includes team and individual sports and activities including horse riding, rock climbing, kayaking, cheerleading, fencing, and much more!

We also encourage all children to join our societies. These help them to think and act more broadly and to develop passions for life. They are a significant addition to the curriculum and include: English Literature, Debating, Latin, Linguistics, History, Environmental Studies, Student Welfare, Student Council, Photography and Dance. Our Music Conservatoire enables students of all ages and musical abilities to experience the wonderful opportunities available in our Music Department. These include private tuition, public performances and an elite Music Conservatory programme.

## Trips

Our students of all ages take trips throughout Korea and abroad. These include sports, arts, adventure and exploration and academic challenges. Recent trips have included London, Dubai, Thailand, Nepal and Paris.

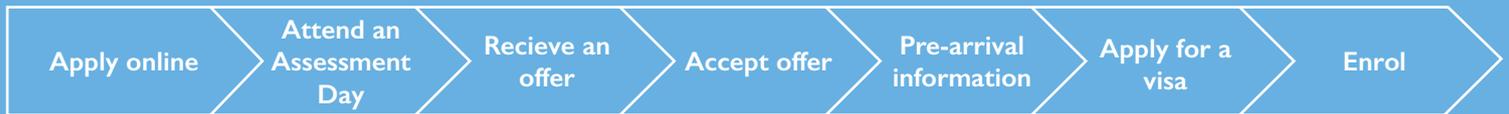

## Pastoral Care

Personal development, well-being and safeguarding are important aspects of school life. This structure includes:

- A supportive network of house staff
- A Tutor System, Counselling (emotional support)
- Worksmart (ensuring NLCS students are effective independent learners)
- University Guidance Counselling and a Support for the IB programme
- An exceptional transition programme as they progress through the school

## Applying to NLCS Jeju

When you apply to NLCS you start here and go anywhere!

### When to apply

Applications open in August for the following year for Year 4 to Year 12 and in January for Reception to Year 3. Our main intake is August, with smaller intakes in November, January and April. Always talk to us if your dates or requirements are unique. Our Admissions team can help and advise.

### How to apply

- Complete our online application form and make a payment of KRW 400,000
- Submit a recent passport size photo
- Provide a copy of your child's passport and copy of a parents' passports
- Submit copies of their most recent school reports

### Assessment

All applicants will attend either one or two Assessment Days here in Jeju or Seoul. Occasionally, for some years of entry we can offer alternative assessment locations

Reception and Year 1	School readiness and class observation
Year 2 and Year 3	School readiness, class observation and English and Maths tasks
Year 4 to Year 6	English written paper, Maths written paper, online CAT4 and interview
Year 7 to Year 12	English EAL written paper, Maths written paper, online CAT4, interview and EAL speaking assessment

### Offer and acceptance

When a family receives an offer they will complete acceptance paperwork and pay a deposit and an acceptance fee. Their place is then secure until the start date.

### Fees

There is no difference in fee structure for Home and International students. Please see the latest fees on our website as well as the Fees Policy

## Visit Jeju

Deciding on a future school for your child is a big decision wherever you are. Please take a virtual tour on our website, arrange a private appointment to visit NLCS Jeju during term time or attend one of our many events held in Seoul, Busan, Jeju and further afield. These can be viewed and booked via our website.

## Outside Korea

The Admissions team travel abroad to Fairs, Conferences and Exhibitions throughout Asia and beyond. To find out future visits please complete an enquiry form on our website.

## Visa application

Students who require a visa to study in Korea must apply for a student visa prior to arrival. Further information regarding the visa process can be found by visiting the Korean Embassy website and on request from the Admissions Team. Visas are granted for one year and need to be renewed annually to continue studying.

## Pre-arrival information

Information will be sent to you prior to joining the school to allow you to prepare for the start of term. This will include a New Parent Handbook, uniform information and an induction programme as well as a request for subject selection etc. if applicable.

For further information please do not hesitate to contact the Admissions team who are here to help guide you through the process and answer any questions you may have.
