

Our mission is to serve the world in the field of education, through our innovative, inventive and artistic approach.

We endorse a bespoke, student focused educational programme, through which our students develop their innate skills as they prepare to become global citizens of an interconnected world.

WHAT MAKES US DIFFERENT?

- Cambridge Curriculum
- From kinder to College
- Career Programmes
- Vocational Training; Student centered approach
- Inclusive education and Multicultural Environment
- Green & ECO School
- Wide Scope of Teaching

Prime School Estoril Campus

We value and encourage active family participation in our students academic life, providing all the encouragement and support required throughout their educational journey.

Prime School has the distinct advantage of being a multicultural, inclusive environment.

Our pedagogy addresses the emotional, social, ethical and academic needs of students through an integrated learning format.

Shaping Citizens Of An Interconnected World

Our beautifully located Prime School Boarding facility, provides a caring and secure home away from home.

Living away from home whilst navigating an advanced curriculum affords our students the opportunity of developing their self discipline and sense of responsibility.

Boarding House is located in Cascais, a ten minutes car ride from our Estoril Campus.

CAMBRIDGE INTERNATIONAL PATHWAY

At Prime School, our Cambridge Assessment International Education curriculum sets a global educational standard through which our students are encouraged and supported to reach their full potential whilst garnering the skills needed to navigate an ever-changing world.
